About me:

An ambitious problem solver with a passion for online businesses, who would like to join a team of likeminded developers. Quick minded. Besides, I have communication skills and I have a ability to handle pressure and meet deadlines.

Skills:

- HTML - Erb - Slim
- Ruby(2.0 +), also familiar with Javascript, Coffescript, jQuery
- Ruby on Rails (4+, 5)
- CSS Frameworks (Bootstrap, Foundation)
- *nix-system confident user (Ubuntu, macOS)
- PostgreSQL, MySQL, Cassandra
- Git
- Use caching and understand why it is necessary
- Worked on projects using TDD and BDD
- Writing Unit-tests using rspec, capybara
- Project management systems (Pivotal Tracker, waffle.io, Trello)
- Server setting and deployment (capistrano, nginx, passenger, unicorn)
